Material 2	aluminium
Max. load	20.0 kg
Weight	9.530 kg

Description

THULE bike holder "UpRide"
universal roof carrier for straight bicycle transport without frame contact, own weight: 7,7kg
Due to the fixing of the front wheel, there is no contact with the bicycle frame and thus allows the inclusion of wheels with carbon frames, with unconventional construction, with rear suspension or with bottle holder. Suitable for most wheel sizes from 20" till 29" and tire widths till 3" **(also possible up to 5" with separately available Fat bike adapter)**. Possible mount on both sides of the vehicle roof. The bike can be secured to the carrier and the carrier can be secured to the vehicle (locks incl.), the securing of the rear wheel by a belt tensioner., **max. weight per bike: 20kg**
