CONWAY MTB hardtail "Razz 6.0" (#1)

Description

The Razz 6.0 feels like that moment when your range of adventure suddenly expands. The gravel path behind the sports field, a loop through the woods, or the longer ride home with a few extra turns: This hardtail makes you want to just keep riding.

The Suspension Fork smoothly absorbs bumps, hydraulic disc brakes ensure control, and the 20-speed drivetrain offers plenty of range when the terrain gets more varied. The aluminum frame remains sturdy and straightforward without feeling cumbersome. The result is an MTB that sparks a desire for adventure, instills confidence, and performs equally well on tours and in everyday riding.
