KMC Chain "X9SL"

Description

Chain X9SL from KMC

Do you like sporty riding and your chains have to be able to take a beating? Then take a closer look at the X9SL chain. The manufacturer KMC produces it especially for MTB and road bikes.

If you ride a bike with a 9-speed drive, the X9SL chain is just right for you. As the chain with its 114 links is made of steel, it is particularly hard-wearing.

In order to be able to close the chain properly, a Connecting Link is included in the scope of delivery, which connects the two loose ends.
