

CONTEC Stem "Seto Hybrid"

Description

Seto Hybrid ahead adjustable stem

The keyword here is fine-tuning the way you sit: with the choice of stem you decide on the last millimeters, how you are on your tours: The longer and flatter the stem, the more elongated - the shorter and steeper the stem, the more upright. CONTEC ahead stem Seto Hybrid is clamped on the outside of the 1 1/8" diameter steerer tube. The stem is angle adjustable.
