Article number:	02920380
Original number:	BK26HV9400
EAN:	4251971151345
EVP:	**6499.00 €**

Description

What would you like? A summer crossing of the Alps to Lake Garda, or perhaps an exploratory tour along the Mecklenburg Lake District? There are many impressive adventures on two wheels, and each requires the right bike.

Topographically challenging routes? From paved surfaces to moderate terrain and back
back onto the road? If you don't know what to expect along the way, you can at least rely on your "UTILYON." Rugged terrain, adverse conditions, and the most remote destinations are practically in its blood.

The "UTILYON 6" is designed as a complete touring bike. The 1x11 "XT" derailleur's 455% gear range offers the perfect gear ratio for steep climbs (1.77 m gear ratio in first gear) and long descents (8.06 m gear ratio in eleventh gear). Your own effort is complemented by the 85 Nm of torque from the Bosch "Performance CX" drive, which–thanks to its two batteries and 1,475 watt-hour capacity–won't "run out of steam" anytime soon.

,

Technical data

Battery capacity	1475.0 Wh
Features	XXL frame, chain guard, electronic sliding aid, fender
Torque	85 Nm
Colour designation	anthracite grey
Main colour	grey
Gender	unisex
Gears	11-speed
Type	urban bike
Wheel size	29 "
Material	aluminium
Engine power	250 W
Frame height	51 cm
Weight	37.400 kg
Permissible system weight	180 kg
Chainstay	495 mm
Toptube	614 mm
Reach	410 mm
Seat tube	510 mm
Seat angle	75.0 °
Stack	677 mm
Steering tube	150 mm
Steering tube angle	69.0 °
