Product data sheet

QUARQ Crank Set "DZero"

Article number:	08337776
Original number:	00.3018.291.170
EAN:	710845859113
EVP:	**894.00 €**

Technical data

Amount of chain rings	2
Main colour	black
Secondary colour	grey
Large chain ring	52 teeth
Small chain ring	36 teeth
Crank length	170.00 mm
Material 1	aluminium
Material 2	carbon
Weight	0.835 kg
System compatibility	10-speed, 11-speed
Bottom bracket	DUB
Variation	set

Description

Innovative & clever
Set yourself new goals, focus on accuracy and reliability and bring out your best performance. With the QUARQ "DZero" Crank Set plus Powermeter, you have a reliable companion that shows you your performance after every training session and every race. For accuracy, it measures your pedaling power on both carbon crank arms (+/-1.5 %).

With its 36/52 Crank Spider with Chainrings using X-Glide technology, the waterproof crank (IPX7) fits most 10- and 11-speed drives. Thanks to the innovative "MagicZero" feature, the crankset is automatically calibrated while riding without you having to step back or calibrate manually via the head unit.

With Bluetooth and wireless ANT+ data transmission, your tour data is transmitted directly to the Bike Computer. And yet the power consumption of the Powermeter is comparatively very low - you can enjoy up to 200 hours of riding on one battery charge. It can be changed for the next tour without tools.
