Description

Wind and waterproof
The BASIL "Mosse Men" rain trousers keep you dry on all bike rides. The rain trousers have a windproof and waterproof (5,000 WP) coated fabric that repels rain. At the same time, the fabric is also breathable (5,000 MVP) so that moisture is wicked away to the outside.

For a comfortable fit and freedom of movement, the trousers have an elastic waistband, ergonomically shaped knees and Velcro-adjustable trouser legs. The "Mosse Men" is easy to put on thanks to the 50 cm long side zippers, which are also lined to prevent water from penetrating.

After a ride in the rain, the trousers can simply be hung up to dry using the practical loop. The rain trousers have reflective elements, an integrated Bag and also overlap at the shoes - for all-round protection.
