BASIL Basket "Capri"

Description

Sturdy & practical for everyday use

The practical "Capri" bike basket from BASIL can be easily attached to the rear carrier of your bike. It is handy, trendy and made of close-meshed steel. The baskets are suitable for both women's and men's bikes.

The "Capri" is a very smart choice for shopping or transporting other things. You can store a lot of shopping in it. Even a short bike ride is absolutely ideal with this baskets. Ideal. For example, you can store rainwear or a packed lunch in this steel basket.

While the top of the Basket is slanted, its bottom edge is reinforced.

The baskets can be easily attached to the bike using a Spring Clamp. The "Capri" has a separate recess for this purpose.
