Article number:	03706165
Original number:	3007-1
EAN:	4251507943895
EVP:	**26.95 €**

Description

The "TFP-100" chain whip from CONTEC is used when a Shimano HG cassette is to be dismantled. It is necessary as a counterholder so that the cassette does not continue to rotate in the freewheel when the locking ring of a Shimano HG cassette is opened, for example, with the "TFP-110" sprocket remover tool.

The tool from CONTEC's "Tools for professionals" series is made of steel, has an ergonomic grip part, and its chain whip part is compatible with cassettes from 5 to 11 sprockets.

Technical data

Design	sprocket
Main colour	black
Material	steel
Weight	0.287 kg
Use	sprockets
