

Product data sheet

KMC Chain "Z1eHX Wide"

Description

Z1eHX Wide chains from KMC

The Z1eHX Wide chain from KMC is versatile. It is suitable for use on both single speed bikes and e-bikes and is equally at home on tours and in the city.

As the 112-link chain is made of steel, it is particularly hard-wearing. A special anti-rust coating makes the chain particularly robust and hard-wearing. In order to be able to close the chain properly, a Connecting Link is included in the scope of delivery, which connects the two loose ends. The note "E-Bike-special" indicates that the chain is specially designed for the requirements of an e-bike.

Article number:	03343134
Original number:	BZ1EWEP12
EAN:	4715575897639
EVP:	21.06 €

Technical data

Anti-rust coating	yes
Amount of chain links	112 pcs.
Width	9.2 mm
Width in inch	1/8 "
