Castrol Transmission oil "MTX"

Description

CASTROL "MTX" Transmission Oil

10W-40, Mineral Oil-based multigrade motorcycle transmission oil. It is suitable for use in two- and four-stroke motorcycles with separate manual or automatic transmissions, with or without a wet clutch. We recommend its use wherever the manufacturer specifies a multigrade engine oil for the transmission. Specifications and approvals: API SG, API GL-4, **1-liter water bottle**

Article number:	05706536
Original number:	15F1BB
EAN:	4008177189876
EVP:	13.59 €
