

Product data sheet

KMC Chain "X11SL"

Description

KMC Chain 11-speed

Equipped for all eventualities - that's the X11SL chain from KMC. It can be used on mountain bikes, gravel bikes and road bikes. The chain is compatible with 11-speed drives. As the chain with its 118 links is made of steel, it is particularly hard-wearing. In order to be able to close the chain properly, a Connecting Link is included in the scope of delivery, which connects the two loose ends.
