SHIMANO Crank Set "Deore XT FC-M8130"

Description

"XT" Crank Arm Set also for SuperBOOST

The "XT" groupset has always stood for the upper middle class at SHIMANO. Reliable shifting and high-quality brakes ensure the very best performance in every situation. With the Hollowtech II standard, the set is compatible with your SHIMANO 12-speed drivetrain. Thanks to the extended chainline of 56.5 mm, the set is also suitable for SuperBOOST installation widths of 157 mm.
