Product data sheet

LIQUI MOLY Engine oil "2-Takt-Motoroil "

Article number:	41114901
Original number:	1052
EAN:	4100420010521
EVP:	**19.00 €**

Technical data

Type of the oil	2-stroke
Range of application	motorcycle, scooter
Container type	canister
Content	1.0 l
Type	engine
Quality	semi-synthetic
Weight	0.865 kg

Description

LIQUI MOLY Engine Oil "2-stroke engine oil"
semi-synthetic, self-mixing, **approvals:** API TC, ISO L-EGC, JASO FC, TISI (Thailand International Standards Institute)
Suitable for engines with separate and mixture lubrication in motorcycles, mopeds, lawnmowers, chainsawns and emergency generators. Mixing ratio up to 1:50. Ensures the functionality of the engine and ensures maximum service life. Selected mineral and synthetic base oils in combination with the latest additive technology allow a residue-free combustion and thus keep the engine clean. The engine is optimally protected against wear.
Note: The manufacturer's instructions must be observed.

Application: For mixture lubrication, pour the contents of the can into the fuel tank and top up the fuel according to the mixing ratio. Mixing takes place automatically. For separate lubrication, pour the contents of the can into the oil tank. Oil is mixed with fuel via the metering device., **1l canister**
