

Product data sheet

CONWAY Electric allroad "Nyvon 8.0" (#2)

Description

The Nyvon 8.0 feels like a quick ride home that doesn't end at the city limits. The Bosch SX drive stays nimble and provides a boost exactly when speed or an incline demand more. A carbon frame and 28-inch wheels combine to create a nimble e-gravel bike for riding on asphalt, gravel, and long side roads. Commuting in the morning, deliberately extending the same route in the evening—that's exactly the spirit of the Nyvon.
