

CONTEC Front Light "Retro Classic"

Description

Safe & stylish

20 lux, a stylish exterior and a high-quality finish characterise the CONTEC "Retro Classic" LED front light.

This bicycle lighting is marked with a German check number and is suitable for dynamo hubs and bottle dynamos. The LED front light made of silver plastic is the bicycle light for retro and vintage style. The bicycle lighting with the round front reflector not only looks good, but also has a lot to offer in terms of functions. In this way, it casts back the light of oncoming vehicles and thus increases visibility.

Even in a retro design, the technology of the "Retro Classic" LED front light is all the more modern. 20 lux brightness is generated by the modern LED. Thanks to the double cable connection with surge protection, this bicycle light with Nirosta mount can be installed quickly. The LED front light "Retro Classic N" is equipped with a switch for dynamo hubs.

The LED front light "Retro Classic" is a chic and functional bicycle light. It impresses with high-quality technology, such as the 20 lux LED. The bicycle lighting bracket, which is made of stainless steel, is also of high quality.
