| Wheel size | 28, 29 " |
| Material 1 | butyl rubber |
| Weight | 0.420 kg |
| Valve type | Sclaverand (SV) |
| Valve length | 40.0 mm |

### Description

The SCHWALBE No. 19+ AP Tube
It's very flexible, withstands extreme pressure, and can hold air for a very long time: the bicycle inner tube. You can't ride a bike without it.
Please make sure to choose the correct size! The correct dimensions are usually displayed on the sidewall of the tire. The ETRTO standard is commonly used. The first two numbers indicate the correct tire width. The following digits specify the tire's inner diameter. For the No. 19+ AP, these are 28" and 29".
The length of the Sclaverand SV valve is 40 mm.
