Article number:	03199612
Original number:	VLT-5102SG BLACK
EAN:	4251971165380
EVP:	**26.95 €**

Description

The name says it all: the CONTEC SuperComfort.Grip not only offers maximum comfort, but also plenty of slip resistance in a wide range of weather conditions.
The handlebar tape is made of PU (plastic) and contains a cushioning foam matrix that significantly reduces vibrations and shocks from uneven roads. The surface is designed with a so-called longhole structure - this offers you optimum grip in both dry and wet conditions and is particularly easy to clean.
The SuperComfort.Grip has a silicone strip on the back that replaces the classic adhesive strip. This makes it self-adhesive and can be removed without leaving any residue. The packaging also includes two bar plugs. The handlebar tape is 200cm long, 3cm wide and has a thickness of 3mm.

Technical data

Width	3.0 cm
Features	self-adhesive
Range of application	Gravel, Road
Main colour	black
Length	200.0 cm
Material 1	polyurethane (PU)
Material 2	gel
Bar plugs material	Plastic
Material thickness	3 mm
Surface	non-slip
Weight	0.104 kg

Date of generation: 13.07.2026
