ergotec Stem "Cat2"

Description

Cat2 Standard Stem

The Stem connects the Handlebar to the Fork and contributes to the way you sit on the bike. The shorter the Stem and the steeper its angle, the more upright the posture and vice versa! The Cat2 from ERGOTEC is a threaded MTB Stem that is clamped into the steerer tube with a diameter of 25.4 mm and can therefore be adjusted to different heights. The length of the steerer tube is 300 mm (note the minimum insertion depth!).

Handlebar clamps: 25.4 mm

Stem clamping: 25.4 mm

Stem length: 40 mm

Material: aluminum

Paints: black

Article number:	03160967
