

CONTEC Vario Seatpost "Nara Drop"

Description

Nara Drop Vario Seatpost from CONTEC

Height-adjustable at the touch of a button - these are Vario Seatposts. Also known as dropper posts, they are particularly practical on changing terrain. But even in city traffic, you can simply lower them at a red light and comfortably put your feet on the ground.

The Nara Drop also has a special feature that many adjustable seatposts don't have: permanent suspension with 40 mm travel. No matter what height is set, the suspension travel is always maintained, guaranteeing a comfortable ride.

Made from aluminum, the CONTEC Nara Drop has a total length of 345.0 mm and a diameter of 31.6 mm. The stroke or adjustment range is 40 mm.
