

PLETSCHER Rear Kickstand "Comp Zoom"

Description

The Comp Zoom Rear Kickstand from PLETSCHER

A Rear Kickstand like the "Comp Zoom" from PLETSCHER is what makes a bike suitable for everyday use. At the latest when you park it, you would miss it without a bike stand, fence or lamp post nearby. But you could be happy every time you handle heavy panniers on the rack, because the stand is particularly stable in absorbing the heavy weight of the rear triangle. It offers standing and standing comfort on city and trekking bikes and children's and youth bikes in the sizes 24", 26", 27.5" and 28". It can be variably adjusted to the right size.

Thanks to the choice of materials and high-quality manufacturing, the "Comp Zoom" is comfortable to use and lasts a long time. The Rear Kickstand is attached to the left Chain Stay near the Dropout. The hole spacing of the two Mounting Screws is 18 mm (please note!). If you are not sure which one to choose, take your bike to a specialist dealer.
