

415HRU

Professional Racing Chain for Moto3™

RK Model	Application										
	100	200	300	400	500	600	700	800	900	1000	
415HRU											※2st: ~125cc ※4st: ~250cc

- RK GB415HRU is developed together with **Top Moto3™** teams, to be only **6.9g/link**, the lightest 415 sealed chain available in market today, while ensuring best performance on the race track.
- RK GB415HRU features RK's only technology of **U Ring**, make possible to design a Sealed Chain with the weight of a Non-Sealed Chain. Application of Seal Rings ensures the **high efficient horsepower transmission** from the engine to the rear wheel throughout the chain life.
- RK GB415HRU is compatible as a downsizing choice for 150cc Motorcycle.

Model	Seal Type	Plate Thickness Inner	Plate Thickness Outer	CL Pin Length	Weight [g/L]	Tensile [kN]	Con Link Type
415HRU		1.45	1.45	15.35	6.9	21.4	Clip
