Description

A bag just for the essentials - that's our "Pocket Bag Tom" shoulder bag. Designed with a large main compartment and three small pockets, it offers space for your smartphone, a bunch of keys, a small snack and your wallet. The "Pocket Bag Tom" can be worn in two ways: as a classic shoulder bag or as a casual belt bag. Thanks to the integrated KLIICKfix adapter plate, the Bag can be attached to a Qio front carrier in no time at all. In addition to the Qio front carriers, it is also compatible with CONTEC HTM carriers with KLIICKfix system - ideal for flexible use on different bikes. Thanks to Reflective Stripes, the "Pocket Bag Tom" not only keeps you fashionable, but also safe on the road, as other road users can see you better in the dark. Made from polyester, the bag is also water-repellent and keeps your things dry even in a short shower.
