

CONTEC Battery-LED-Rear Light "TL-247 Slim"

Description

Safe & durable

A powerful rear light in a small size: The "TL-247 Slim" by CONTEC creates convincing visibility.

The rear light consumes little energy. This means that you benefit from the long 15-hour battery life before the batteries have to be changed. By the way, 2 AAA micro-batteries are included.

The rear light is equipped with a seatpost bracket and a switch protected from water. It also has a plastic housing.

The light has a German check number and is therefore 100% approved for road traffic in Germany.

The "TL-247 Slim" by CONTEC is a practical, low-cost rear light option for cycling.
