Product data sheet

SUPERNOVA Front Light "E3 Pure3"

Article number:	07106016
Original number:	N-P3S-MBLK
EAN:	4260224790545
EVP:	**135.00 €**

Technical data

Design	front light
Attachment	fork crown / bridge attachment
Range of application	bike
Main colour	black
Functions	standlight, daytime running light
Intensity	205 lumen
Illuminant	LED
Material 1	aluminium
Weight	0.358 kg
Power supply	dynamo operated
StVZO conform	yes

Description

Powerful continuous light
The SUPERNOVA "E3 Pure3" lights up permanently. Because its purist design deliberately dispenses with a Shifter and because the manufacturer claims an LED service life of over 100 years. In combination with the Power LED and the Terraflux 2 lens, it illuminates the road at night with a powerful 205 lumens.

During the day, the Front Light adjusts its luminosity to daytime running light. So you don't have to worry about the Front Light at all. Not even when standing, because when you stop, the Front Light and the SUPERNOVA Tail Light continue to shine for another five minutes. The SUPERNOVA "E3 Pure 3" is powered by a conventional Hub Dynamo.

With a focus on the essentials, the Front Light measures 49 x 41 x 41 mm (LxWxH) and weighs just 90 g in the version with Bracket for fork crown and bridge. SUPERNOVA gives a five-year guarantee on the "E3 Pure 3".
