EAN:	4251971173262
EVP:	**39.95 €**

Description

The Urban Nomad bikepacking bags are designed for the small and big adventures of everyday life. Because the ones that make an adventure out of every day, no matter how ordinary, are the ones with the best memories.

With the water-repellent Urban Nomad Front 4.2 handlebar bag, your most important items of luggage are always ready to hand and safely stowed away. Whether sunglasses, smartphone or wallet - here you have up to 4.2 liters of space for everything you might need in everyday life. Thanks to the elasticated drawstring at the top, you can stow additional items of luggage, such as a jacket. Another practical feature is the included inner pocket, which you can use as a wallet, for example, as you can detach it from the carabiner and take it with you. Taped seams along the zipper ensure that no moisture can get into the Bag. On top of this, you'll find additional mesh bags on the outside and inside that offer you a place with quick access for important small items.

You don't need any tools to mount the Urban Nomad Front 1.7, but can attach it to your Handlebar using Velcro. It then remains stable in its shape.

The unmistakable look of the Urban Nomads in two selected color combinations "ocean turquoise / midnight blue" or "sunset orange / flamingo pink" makes your bike an absolute eye-catcher.
