CONTEC Stay Spare Part "Strut.Part"

Description

First aid for the fender

The right mudguard keeps your clothes clean in everyday life and on bike tours. The CONTEC bike guards are lightweight, rattle-free and thanks to excellent spare parts supply particularly durable.

The stay spare part fits all CONTEC wheel guard sets and spare stays. It is available either as a strut end cap made of plastic or as a nut or bolt made of nickel-plated brass. Perfect for quick mudguard repair.
