EVP:	**4899.95 €**

Description

Imagine cruising through the city in the morning—effortlessly, quietly, with a tailwind from the Battery. After work, the adventure continues right away: out of the office, onto the bike, and off on an adventure. That's exactly what the "Nyvon 10.0 C" is made for.

The full-carbon frame isn't just eye-catching—it's functional too: lightweight, stiff, and featuring plenty of mounting points for luggage solutions. The geometry puts you
into a sporty, compact riding position—efficient pedaling, responsive handling. The Frame geometry is tuned for dynamism and comfort; the long wheelbase ensures a smooth ride, while the short Chain Stays provide agility.

With the Bosch mid-drive motor and 60 Nm of torque in eMTB+ mode, you get powerful assistance. Shimano GRX 12-speed shifting, hydraulic disc brakes, an integrated Stem and Saddle Clamp, and a front headlight make this bike perfectly suited for commuting. A stylish all-road bike with gravel DNA.

,

Technical data

Battery capacity	400.0 Wh
Colour designation	metallic grey matt
Main colour	grey
Gender	gents
Gears	12-speed
Type	allroad
Wheel size	28 "
Material	carbon
Engine power	250 W
Frame height	54 cm
Weight	18.000 kg
Stem length	110.0 mm
Permissible system weight	130 kg
Chainstay	440 mm
Toptube	590 mm
Wheel distance	1081 mm
Reach	412 mm
Seat tube	540 mm
Seat angle	74.0 °
Stack	622 mm
Steering tube	175 mm
Steering tube angle	71.5 °
Standover height	848 mm
