Original number:	JD-861A
EAN:	4250311300382
EVP:	**19.95 €**

Description

Optimum grip due to rubber
Never lose grip again! The CONTEC bar ends "Ergo Line" offer a secure grip. Specifically, extended tours or off-road rides are only fun if you can rest your hands comfortably. These bar ends by CONTEC score by means of optimal pressure distribution, which enables comfortable riding.

In addition, the bar ends are ergonomically shaped. They are covered with a soft rubber surface that is shock-absorbing. "ERGO Line" are thus optimal bar ends (with outer clamp) in a classic black for every bike!
