Product data sheet

COREXX Brake fluid "DOT 5.1"

Article number:	41230525
Original number:	41230525
EAN:	4003502380478
EVP:	**97.35 €**

Technical data

Range of application	motorcycle, scooter, passenger car, truck, commercial vehicle
Main colour	transparent
Container type	canister
Content	5.0 l
Type	brake
Quality	DOT 5.1

Description

COREXX Brake Fluid "DOT 5.1"
Wet boiling point >185 °C, boiling point >270 °C
Synthetic high-performance brake fluid for vehicles with ABS braking systems. It has a higher boiling point than DOT 4, making it particularly heat-resistant, enhances corrosion protection and the operational reliability of the braking system, is certified to ISO 4925 Class 6, and ensures immediate Brake response at temperatures as low as -40 °C.

Manufacturer's Note: Brake Fluid DOT 5.1 exceeds the requirements of DOT 3 and DOT 4, SAE J 1704, FMVSS 116, and ISO 4925 Class 5-1

Please note:
Use only undiluted!
When refilling, be sure to follow the manufacturer's instructions.
Absolute cleanliness is required when filling the hydraulic brake system.
Store Brake Fluid only in its original, sealed container; reseal the container airtight immediately after use, and collect and dispose of it separately.
Brake Fluid must not come into contact with used oil!, **5-liter canister**
