

Product data sheet

CONWAY Gravel bike "Nyvo 10.0" (#2)

Description

Dust on the bottle, the sun low over the trail, one last short push before the crest: The Nyvo 10.0 thrives on a fast, stripped-down gravel vibe. Carbon provides a stiff, high-quality feel, while the 28-inch platform keeps the pace and traction in check.

Sometimes a workout, sometimes a commute with an extra loop, sometimes a Sunday ride with no set destination: This Nyvo combines sporty performance with a pleasantly uncomplicated approach. Between training, commuting, and casual rides with wheels, a modern, fast in-between world emerges. Thanks to integrated mounting points, frame-mounted luggage can be easily attached for multi-day trips.
