

atranvelo Double Leg Kickstand "Moove Double E-Bike"

Description

Double Leg Kickstand Moove Double E-Bike from ATRANVELO

A Double Leg Kickstand like the "Moove Double E-Bike" from ATRANVELO is what makes a bike complete. At the latest when you park it, you would sorely miss its two feet without a bike stand, fence or lamp post nearby. And even more so when hanging up panniers or with child seats. With the two feet, the bike always stands upright for convenient handling. It fits size 28" e-bikes and is made of aluminum and plastic.

ATRANVELO offers a decent Blender of durability and ease of use in relation to the price for the "Moove Double E-Bike". In order for the "Moove Double E-Bike" to support the bike properly, it must first be bolted to the kickstand plates between the rear wheels and the bottom bracket. The "Moove Double E-Bike" is also a reliable support for the heavier e-bikes - for which it is also approved.
