

Product data sheet

KMC Chain "X10"

Description

Chain X10 from KMC

Equipped for all eventualities - that's the X10 chain from KMC. It can be used on city bikes as well as MTBS and gravel bikes.

The X10 is suitable for 10-speed drives. As the chain with its 114 links is made of steel, it is particularly hard-wearing.

A special anti-rust coating makes the chain particularly robust and hard-wearing.
