

Product data sheet

mipa Dilution "HS-Löser "

Description

MIPA Thinner "HS solver"

2K thinner, special solvent mixture (fade-out thinner)

For the dissolution of spray mist on edges during spot repairs and paint finishes when processing Mipa 2K-HS coating systems. Can be used as a fade-out thinner for the following products: Mipa PUR HS, Mipa OC, Mipa 2K-MS-clearcoat, Mipa 2K-HS-clearcoat

Note from manufacturer: After the painting process, the outlet zones (spray mist areas) must be immediately overpainted with 2K-HS solver. Mipa 2K-HS solvers should only be applied in thin, even layers until the rough spray mist areas visibly smooth out. Do not apply too thickly, otherwise you will have drips or uneven surface., **1000ml can**
