

Product data sheet

Qio Rail "Rail"

Description

The Qio Rail Set Rail Middle Fix provides additional safety and stability for everyday use with your Qio Long. It is mounted on the front and rear sections of the Rail and is the middle element of the three-part Qio Rail system. The Rail consists of two side sections that are securely fitted with screw fittings at the front and rear, providing a permanently stable solution for transporting loads.

While driving, the middle Rail element can be used as a Hand Grip and also offers a practical way to secure luggage and cargo. Suitable for 40 × 60 cm transport boxes.
