Description

Our TFP-TTS measuring cone is the perfect solution for determining the seat tube diameter quickly and accurately. The tapered gauge, which is graduated in different seat tube diameters, allows you to determine the correct diameter of the seat tube within seconds. With this tool you will never again have to decipher scratched and illegible labels on seatposts or resort to the tedious fiddling with calipers or rulers. The steel measuring cone measures seat tube diameters from 25 to 34.9mm.
