Article number:	03310901
Original number:	AS210 PRO CONTEC
EAN:	4251971171787
EVP:	**69.95 €**

Description

Say goodbye to the hard work and say hello to the Air Tronic Mini! The Battery Mini Pump inflates bike and car tires, as well as mattresses and balls, quickly and easily with the push of a button. Simply screw the included flexible tube onto the Air Tronic Mini and attach the other end to the appropriate Schrader or Presta valve. The Air Tronic Mini is also compatible with the SCHWALBE Clik Valve (SCV). Air mattress and ball adapters are included.

It takes the Battery Mini Pump just 120 seconds to inflate a 700*25C tire. It reaches an air pressure of up to 8.3 bar or 120 psi. Its 450 mAh battery capacity is sufficient for two large tires; after that, the Air Tronic Mini takes only 30 minutes to fully recharge.
Its compact size—just 7 cm long, 5.6 cm wide, and 3.1 cm thick—and its weight of only 125 g make the Air Tronic Mini the ideal companion for your bike trips or camping adventures.

The Air Tronic Mini was awarded a “Best Value” recommendation by RADtouren magazine! In the test featured in the 05/06-2026 issue: 9 Battery Mini Pumps, including one top product and two “Best Value” recommendations.

Technical data

Design	mini pump
Width	56.5 cm
Range of application	universal
Main colour	black
Height	31.0 cm
Length	70.0 mm
Material	plastic
Max. pressure	8.3 bar
Max. pressure	120.00 PSI
Weight	0.169 kg
Valve type	Schrader (AV), Sclaverand (SV)
