

BASIL Carrier Bag "Miles"

Description

Always sporty on the road

With the BASIL Carrier Bag Miles you are always sporty on the go. Whether you're on your way to the gym or to the shops: With its 7-liter volume, the bag offers enough space for sportswear or small purchases.

As it is made from waterproof Tarpaulin (IPX3), you can ride your bike to the gym even in heavy rain showers. The inner bag can be closed with a roll-top fastener and snap fastener.

Thanks to the detachable strap, you can easily carry the Bag over your shoulder and take it with you to the gym. You can also simply carry it by the handles.

The high-quality Bag is lined on the inside, making it extra sturdy. For maximum safety, it has a sander to which additional LED lights can be clamped.

The Miles carrier bag from BASIL is available in two versions. You can either opt for Velcro fastenings or a pre-mounted MIK adapter plate. Both options can be easily attached to the Carrier.
