

CONTEC Connecting Link "Connector"

Description

Simply close chains

The chain is an essential part of the drive and a safety-relevant component. Therefore, checking the chain wear is an important part of every inspection. If the chain needs to be replaced, this can be done easily with the CONTEC "Connector" connecting link.

The reusable chain link makes it possible to close the chain without tools very easy and safe: the chain ends are simply plugged onto the pins and the counterpart is pressed onto the profiled pin ends. The connecting link "Connector" is available for 1-speed, 8-speed and 9-speed chains and includes 2 sets. Simple and fast!
