

CONTEC Headset "ISHS-80"

Description

Performance part for the RLC

High quality for high loads: The CONTEC "ISHS-80" headset was developed especially for the Race Hardtail model series "RLC" by CONWAY. It is suitable for steerer tubes from 1 1/8" (28.6 mm) to 1.5" (38.1 mm) Ø.

This is an Ahead headset made of aluminium. It can be installed semi-integrated as well as fully integrated and has a block function. Its sealed cartridge bearings enable a longer service life and higher performance.

The stack height of the headset is 8.5 mm. It was designed for a crown race with a 39.8 mm Ø.
