Article number:	02652166
Original number:	RAD QIO COMPACT CX5X
EAN:	4251971178403
EVP:	**4999.00 €**

Description

Suspension meets functionality—the "Compact CX5x" from QiO combines the advantages of a compact e-bike with the comfort of a Suspension Fork. With 80 mm of travel, it smoothly absorbs bumps and delivers noticeably greater riding comfort—especially on cobblestones, forest trails, or rough bike paths. This makes every ride more relaxing, no matter where you're headed.
With a high battery capacity of a whopping 800 Wh, your rides can easily extend into the evening hours. The Bosch mid-drive motor with Smart System provides powerful assistance up to 25 km/h, while the low-maintenance belt drive and the 5-speed Shimano "Nexus" hub gear system ensure a smooth, reliable riding experience. The hydraulic 4-piston disc brakes from Magura bring you to a safe stop—in any weather.
Hydraulic 4-piston disc brakes ensure maximum safety and control, providing reliable stopping power even in wet conditions and at high speeds. Lighting is provided by the high-quality Busch+Müller IQ-XS Beam LED Front Light, which offers excellent illumination of the road with 100 lux low beam and 150 lux high beam—ideal for riding in the dark and in poor visibility conditions.
