

SCHWALBE Tires "Marathon Performance Line"

Description

The original

The "Marathon" from SCHWALBE is the forefather of all high-quality touring tires. With a 3 mm thick GreenGuard insert made of highly elastic natural rubber, this bicycle tire has excellent puncture protection.

The name "Green" says it all: GreenGuard is made from one third recycled latex products.

Furthermore, the tire's anti-aging sidewall easily withstands the typical stresses caused by low air pressure before cracking occurs. Endurance Compound also ensures a long service life.

The sizes 47-406 (20"), 47-559 (26"), 37-622, 40-622 and 47-622 (all 28") of the "Marathon" carry the ECE-R75 test mark and are tested and approved for e-bikes up to 50 km/h.
