

POINT Saddle "Inno Ride"

Description

The Point "Inno Ride" Saddle is specially designed for women and offers additional comfort and protection thanks to its compression springs and integrated Saddle Edge Protection. With a length of 185 mm and a width of 240 mm, it ensures a comfortable riding position. The steel frame ensures stability and durability, while the patented seat post mount allows for easy and secure installation. Perfect for cyclists looking for a comfortable and high-quality solution.
