

hebie Double Leg Kickstand "Rex"

Description

The Rex S Double Leg Kickstand from HEBIE

It may be somewhat inconspicuous on the bike, and it only shows its strengths when the bike is stationary. But then the "Rex S" Double Leg Kickstand from HEBIE simply ensures that it doesn't fall over. It offers standing comfort on city and trekking bikes as well as children's and youth bikes in the sizes 24", 26", 27.5", 28" and 29". Depending on the bike size and the desired angle of inclination, the length of the "Rex S" can be flexibly adjusted.

The fact that the "Rex S" requires hardly any other attention is due to its high-quality production and ease of use. The correct mounting location for the Double Leg Kickstand is the kickstand plates between the bottom bracket and the rear wheel.
