Article number:	03709417
Original number:	1020
EAN:	4250311302997
EVP:	**11.95 €**

Description

The chain and cassette are an integral part of the drivetrain. Replacing a worn cassette restores the maximum shifting performance. With the CONTEC cassette puller, the assembly and disassembly of SHIMANO cassettes is easy. The tool is inserted over the axle with the guide pin and engages in the teeth of the lockring. Here, the cassette is held with a chain whip and can be loosened with a 24 mm spanner.

The CONTEC cassette puller is an essential tool for drivetrain repairs on bicycles.

Technical data

Design	sprocket
Main colour	black
Size	24
Material	steel
Weight	0.090 kg
Use	sprockets
