Product data sheet

by,schulz Stem Front Cap "SDS"

Article number:	03165990
Original number:	10391
EAN:	4251239302809
EVP:	**9.95 €**

Technical data

Main colour	black
Handlebar clamp	31,8mm
Material 1	aluminium
Weight	0.035 kg

Description

The multi mount
Central, tidy and everything in view: The BY,SCHULZ "SDS" ("Stem Docking System") clamping plate for A-Head stems with 4-way screw fitting accepts suitable adapters with holders for a wide range of attachments and accessories via its slot.

These can be securely mounted directly on the front cap and individually aligned. The Handlebar does not need to be removed or loosened to mount the SDS adapter. The adapter is simply pushed into the mount of the SDS front cap from the outside when the Handlebar is installed and fixed in the desired position with a clamping screw.

Bottle Cage, lamps, GPS and other accessories, individually or in combination, can be positioned centrally on the Handlebar. The SDS Stem Front Cap can easily be fitted to other oversized stems with the same hole dimensions.
