Description

The Perfect Travel Companion
Want a little more space? With a volume of 32 liters, the VIA.TOUR DOUBLE RT offers twice as much storage space as the single VIA.TOUR bag from the same CONTEC collection. This makes it perfect for bike trips and shopping.

The water-repellent polyester protects the items stored in the bag from rain and moisture. Each side bag features a large main compartment and an extra inner pocket. The pre-installed Racktime Snap-it Adapter allows for easy mounting of the bag on the Racktime Carrier. Reflective elements on the sides make you more visible in traffic.
