

Product data sheet

KMC Chain "e101 EPT"

Description

Chain E101 EPT from KMC

In order to withstand the high forces of modern e-bike drives, KMC has designed the E101 EPT chain especially for use on pedelecs. KMC manufactures the chain from stainless steel, which is why it is particularly robust and does not require much maintenance. A special anti-rust coating makes the chain particularly robust and hard-wearing. In order to be able to close the chain properly, a Connecting Link is included in the scope of delivery, which connects the two loose ends.

Article number:	03344256
Original number:	WRE101EPT
EAN:	4715575896656
EVP:	1390.00 €

Technical data

Anti-rust coating	yes
Width	8.0 mm
Width in inch	1/8 "
Main colour	silver
Coiler length	50 m
Incl. connecting link	yes
Material 1	stainless steel
Shifting type	internal gear shifting
Weight	13.818 kg
Division	1/2
