EVP:	**29.95 €**

Description

Oiling the chain, lubricating the steering tube, or refilling the sealant: certain bike maintenance tasks involve getting a little dirty. To protect your hands from chemicals, you can wear our CONTEC “GripTight” disposable gloves. The convenient box of 100 is the perfect addition to your professional or home workshop.

The diamond-patterned texture on the gloves provides excellent grip on wet, dry, or oily surfaces. You can still use touchscreens without any problems.

These durable gloves are non-sterile, made of 100% nitrile, and are latex- and powder-free. They feature a rolled cuff, are reversible, and offer a snug fit in sizes M, L, XL, and XXL.

GripTight disposable gloves are certified to EN 374, in accordance with EU Regulation 2016/425 for personal protective equipment (PPE Category III–high risks). Their designation “AQL 2.5” ensures reliable protection in industrial applications, laboratories, and food-handling areas. They meet the requirements of the following occupational safety standards:

EN ISO 21420:2020 – General requirements for protective gloves

EN ISO 374-1:2016 + A1:2018 – Protection against hazardous chemicals

EN ISO 374-5:2016 – Protection against microorganisms
