

A collection of various mechanical components, including O-rings, seals, and bushings, arranged on a white background. The components include several O-rings of different sizes and materials (black, yellow, and metal), two large metal bushings with internal grooves, and two smaller metal bushings. The components are arranged in a grid-like pattern, with the O-rings in the top row and the bushings in the bottom row.

Technische gegevens	
Type lager	draagarmlager
Gewicht	0,317 kg

Bestaat uit bussen van gehard staal, naaldlager, geharde bussen en teflon-lager voor een lange levensduur. **28-1045**
